

## Service Learning Page

### Spectrum Service Learning Philosophy

It is the mission of the Spectrum High School Service Learning program to empower and unify our communities through service, education, and action.

We believe that active service helps our students make connections to the lives of others and empowers them to take the lead in further service action that will benefit our community as a whole.

### Spectrum Service Learning Program Goals

Spectrum's Learning Program seeks to

- Nurture a sense of empathy for others
- Develop the skills necessary for graduates to actively engage in society and
- Lead the way toward positive change and development in the world.

#### **Grade 9 Course Offerings:**
